Certificate Number _____

1. Consignor (name and address in full) <div>Same name/address as "exported by" block on FSIS Form 9060-5 or Consignor on 9060-9</div>		Health certificate For animal by-products for the manufacture of technical products (including pharmaceutical products) ⁽¹⁾, intended for dispatch to the European Reference number (.....) <div>Certificate Number, MP(F) number from FSIS Form 9060-5 or serial number of FSIS Form 9060-9</div>	
2. Consignee (name and address in full) <div>Name, address of consignee/receiving party in foreign country; usually, same name/address of consignee on FSIS Form 9060-5 or 9060-9</div>		3. Origin of animal by-products 3.1. Country: <div>United States of America</div> 3.2. Code of territory: <div>ISO Country Code is 'US'</div>	
5. Destination of animal by-products 5.1. EU Member State: <div>Enter EU Country Name</div> 5.2. Name and address of the destination: <div>Enter plant number, name and address in the EU to receive the product.</div>		4. Competent authority 4.1. Responsible Ministry: <div>United States Department of Agriculture</div> 4.2. Certifying department: <div>Food Safety and Inspection Service</div>	
7. Means of transport and consignment 7.1. Cross out "Lorry" and "rail-wagon" – leave "ship" or "aircraft" as appropriate. 7.2. Number of seal (if applicable): <div>Indicate 'not applicable' if no seal no.</div> 7.3. Registration number(s), ship name or flight number: <div>Indicate ship name or flight number</div>		6. Place of loading for exportation <div>Enter city and state where export certification is issued.</div> 7.4. Nature of packaging: <div>Boxes, combo bins, etc.</div> 7.5. Number of packages: <div>No. of boxes/packages</div> 7.6. Net weight: <div>Total net weight of lot in metric kilograms – may also include net weight in pounds</div> 7.7. Lot/batch production reference number: <div>Number identifying the lot, may be sequential or batch Nos., production date ranges appearing on product</div>	
8. Identification of animal by-products 8.1. Nature of animal by-products: <div>Product name and species</div> 8.2. Animal by-products of: <div>Species</div> 8.2. Address and veterinary control number of the approved establishment: <div>Est. No., address; or plant No. on shipping container label</div>			
9. Health attestation I, the undersigned official veterinarian, declare that I have read and understood Regulation (EC) No 1774/2002 ⁽⁵⁾ and certify that the animal by-products described above: 9.1. consist of animal by-products that satisfy the animal health requirements below;			

(Signature of Official Veterinarian)

Certificate Number _____

9.2. have been obtained in the territory of Enter ISO Code "US" from animals:

(4) either [(a) that have remained in this territory since birth or for at least the last three months before slaughter;]

(4) or [(b) killed in the wild in this territory (7);]

9.3. have been obtained from animals:

(4) either [(a) coming from holdings:

(i) where, for the following diseases for which the animals are susceptible, there has been neither case/outbreak of rinderpest, swine vesicular disease, Newcastle disease or avian influenza during the prior 30 days; nor of classical or African swine fever during the prior 40 days; nor in the holdings situated in their vicinity within 10 km, during the prior 30 days; and

(ii) where there has been neither case/outbreak of foot and mouth disease during the prior 60 days, nor in the holdings situated in their vicinity within 25 km, during the prior 30 days; and

(b) which:

(i) were not killed to eradicate any epizootic disease;

(ii) have remained in their holdings of origin for at least forty days before departure and which have been transported directly to the slaughterhouse without contact with other animals which did not comply with the same health conditions;

(iii) at the slaughterhouse, have passed the ante mortem health inspection during the 24 hours before the slaughter and have shown no evidence of the diseases referred to above for which the animals are susceptible; and

(iv) have been treated in the slaughterhouse before and at the time of slaughter or killing in accordance with the relevant provisions of Council Directive 93/119/EC on animal welfare;]

(4) or [(a) captured and killed in the wild in an area:

(i) in which within 25 km there has been no case/outbreak of any of the following diseases for which the animals are susceptible: Newcastle disease or avian influenza and

Cross out (a), and (a) (i) and (a) (ii) and (b)

(ii) that is situated at a distance that exceeds 20 km from the borders separating another territory of a country or part thereof, which is not authorised at these dates for exporting this material to the European Community; and

(b) which after killing were transported within 12 hours for chilling either to a collection centre and immediately afterwards to a game establishment, or directly to a game establishment;]

9.4. have been obtained in an establishment around which, within a radius of 10 km, there has been no case/outbreak of diseases referred to in point 9.3 for which the animals are susceptible during the prior 30 days or, in the event of a case of disease, the preparation of raw material for exportation to the European Community has been authorised only after removal of all meat, and the total cleaning and disinfection of the establishment under the control of an official veterinarian;
